

Hebron Banner Group

Over the past years, there has been a group of Hebron people who have created many beautiful banners, which represent seasons, biblical events or dates in the Church calendar. These are displayed either at points around the Church or at the front of the Church acting as a focal point to services. The 'Banner Group' is a constantly changing group of people with many skills consisting not only of design and needlework but many other supporting roles.

For further information about the Banner Group contact:
